

ALPHALASER-US

Preventative Maintenance Packages

We now offer preventative maintenance packages to keep your system in optimum condition. Each of the options are available for a 1 or 3 year contract. The package covers maintenance on one laser welding system.

BRONZE PACKAGE

1 yr package price

\$750

3 yr package price

\$600

per year

Consists of aligning the laser and performing a full inspection of the overall machine functions.

This includes changing the di water, di filter and air filter as well as a basic optic analysis.

Includes 6 free main power supply air filters.

SILVER PACKAGE

1 yr package price

\$1100

3 yr package price

\$900

per year

Includes the
Bronze package

Cross hair alignment, inspection of pump chamber components, as well as an interior resonator and mirror analysis.

Includes 5% discount on spare parts listed on reverse that are purchased at time of servicing. Spare parts purchased will be invoiced on same invoice as PM.

GOLD PACKAGE

1 yr package price

\$1500

3 yr package price

\$1200

per year

Includes the
Bronze package

Silver package

Resonator and laser head cleaning, optic/deflection mirror cleaning and inspection and wattage power output measurement/certification.

Includes 6 additional free main power supply air filters and a 10% discount on spare parts listed on reverse that are purchased at time of servicing. Spare parts purchased will be invoiced on same invoice as PM.

*An advantage to the Gold package is that our on-site technician will carry a wider variety of repair parts that could be needed upon inspection of your laser system that can be repaired on site. Please note that any repairs outside of the scope of the PM will require a PO and is not included in the base price above.

- Travel rates will apply and are based on customer location. Please ask us for a quote!
- Unless otherwise stated, the preventative maintenance service call covers (1) Alpha Laser welding system.
- Any work performed outside of the scope of the preventative maintenance package is not included and will be billed separately.
